

The Central Area Networking and Security Workshop (CANSec) encourages graduate students to participate in the workshop by providing an NSF-sponsored travel grant (\$100 - \$300 based on the distance) to partially subsidize the travel costs.

The selection process will give preference to (1) students of underrepresented minority groups; and (2) presenters of accepted abstracts.

How to Apply

To apply for student travel grant, students should provide:

1. Application for travel grant (download from workshop website)
2. Current CV
3. Presentation abstract, if you are submitting for oral/poster presentation

Applications and supporting documents for a student travel grant should be emailed as a PDF to the selection committee (cansecworkshop@gmail.com). Please put "Student Travel Grant Application" in the subject of your email.

Important dates

Application deadline: March 7, 2014

Notification: March 21, 2014
